

Applied Ballistic System, Inc.

Rules and Regulations

GENERAL RULES:

- A range orientation is mandatory for all first time shooters. Once completed, you will receive an "Orientation Completed" card that will need to be shown each time you shoot at the range.
- Everyone must sign the log each time they shoot, which contains a liability waiver and a statement that they have read and agree to abide by the Range Rules.
- No drinking or eating in the range bays.
- No use of any tobacco products in any form within the premises.
- No more than 2 persons may share a firing point, with only one shooting at a time.
- When all firing is complete, please remove all target materials before leaving the firing line.
- ALL BATF & NFA RULES APPLY
- No one under 18 years of age is allowed in the range area unless accompanied by an adult.
- Children are to be directly supervised at all times.
- To use a long gun on the range, you must be 18 years of age or older, or under the direct supervision of a person over the age of 18. To use a handgun on the range you must be 21 years of age or older, or under the direct supervision of a person over the age of 21.
- Dust masks are encouraged while inside the range to limit exposure to airborne lead. If you don't have one, you may purchase one for a nominal fee.
- Females who are pregnant, or suspect they may be pregnant, are encouraged not to use the range due to the possible adverse affects of airborne lead on unborn infants.
- There will be no refunds of any kind for parties expelled from the range for rules violations.

SAFETY RULES:

- No personal cleaning of firearms is allowed on the premises.
- Use of Empty Chamber Indicators (ECIs) is required on all ranges.
- If you are a novice shooter or are unfamiliar with your firearm it is your responsibility to inform Range Staff and they will assist you.
- Range Staff has the right to inspect all firearms for suitability for the range. Any firearm found to be unsafe or unserviceable will not be allowed on the range.
- Eye and Ear protection are required at all times inside the range area.
- All Range Staff commands are to be immediately obeyed.
- When a "CEASE FIRE" is called, immediately stop shooting, remove all magazines, open all actions, insert empty chamber indicators (ECI), and place all firearms on the table in your stall.
- If you observe an unsafe act, please report it to the Range Control immediately. Please be courteous to other members on the range.

Applied Ballistic System, Inc.

Rules and Regulations

- IN THE INTEREST OF SAFETY, ABSOLUTELY NO ONE IS PERMITTED FORWARD OF THE FIRING LINE AT ANY TIME, UNDER ANY CIRCUMSTANCES – NO EXCEPTIONS. If you drop a piece of personal equipment forward of the firing line, notify the Range Control room and a cease fire will be called. You are permitted to collect your own spent brass that is behind the firing line only. Other people's spent brass, and your spent brass that goes forward of the firing line becomes the property of ABSI ranges.
- All firearms must be pointed down range at all times.
- No firing is allowed from any position other than from in the confines of the shooting stalls.
- No loaded firearms are allowed anywhere but in the shooting stalls. You must only load your firearms while in the stalls.
- When in the shooting stall; do not turn around, unless you first unload your firearm and insert an empty chamber indicator.
- Shooters are never to leave a loaded firearm unattended except in the case of a malfunction to notify Range Control.
- If you experience a malfunction, a jam that can not be cleared safely, or are unsure of the safety condition of your firearm, you MUST leave it in the stall, pointed downrange, and ask for help from Range Control. DO NOT BRING A LOADED, JAMMED, OR MALFUNCTIONING FIREARM AWAY FROM THE FIRING LINE. If you suspect you have experienced a non-normal round, such as a light powder load, squib, defective cartridge, etc, you must safely check the bore for obstructions before firing another round. If you do not know for sure, or need assistance, leave the firearm in the stall with the action open, pointed downrange, and check with Range Control.
- No loaded firearms may enter or exit the building. Law Enforcement, ABSI personnel, and persons with a valid Indiana Handgun Permit may carry a loaded firearm secured in a holster, but it must not be un-holstered unless you are on the firing line.
- All firearms brought onto the premises must be cased or holstered.
- No one is allowed on the premises under the influence of alcohol, any controlled substance, or substances that impairs their ability to conform to safety rules.
- No "hip-shooting", "quick draw", "bump" firing, or any other sort of trick shooting or horseplay will be permitted at any time. Any behavior deemed unsafe by management will not be tolerated. Management reserves the right to refuse shooting privileges to anyone whose behavior or disregard for safety, might present a hazard to others.

RANGE PROTECTION RULES:

- Shooters are responsible for damage to property of others, range and range equipment.
- All ammunition is subject to inspection and approval.
 - No surplus ammunition is allowed for use unless purchased from ABSI
 - Straight walled/conventional handgun loads with a velocity of 2000 FPS or less (.22 and center fire) are allowed on all range bays/stalls.
 - "Necked" cartridges with a muzzle velocities from 3000 FPS or less are allowed only on Shooting Lanes 1 thru 5 (rifle, 7.62x25, .357 sig, etc.)

Applied Ballistic System, Inc.

Rules and Regulations

- No steel core ammunition, armor piercing, tracer or incendiary ammunition is allowed.
- No shotguns or black powder firearms are allowed.
- Only approved paper targets may be used.
- Do not fire on any targets but your own. Firing across lanes creates an unsafe angle of deflection of projectiles and can damage range equipment.

RANGE ADVISORIES:

- Shooters are responsible for damage to property of others, range and range equipment.
- All ammunition is subject to inspection and approval.
